

902 DOUBLE DRIVER

Constant voltage driver for 0-10 V dimming

SPECIFICATIONS

902 DOUBLE DRIVERS

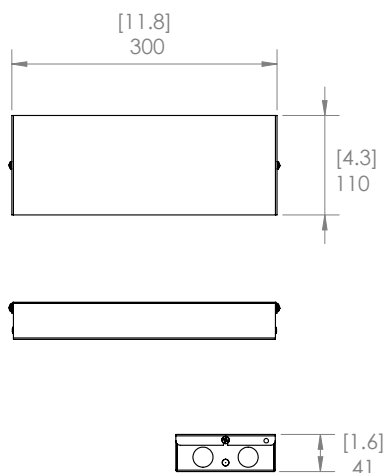

DRIVERS TECHNICAL

- high efficiency
- reinforced insulation from input to output
- fully protected:
 - against short circuit
 - against input voltage surge
 - against thermal
 - over voltage protection
- secondary switch
- self resettable
- PFC >0,95

ENCLOSURE TECHNICAL

- galvanized steel housing
- isolation between high voltage and low voltage zone

DIMENSION

Please specify:

- MODEL ☐ **902** – driver
- CONSTANT VOLTAGE
- 24 VOLT ☐ **24096** – 96W
- DIMMING
- ☐ **0-10** – 0-10V dimming

QUANTITY	PROJECT
